# president's message

Dear Alumnae and Friends of Sweet Briar College,

As we consider the accomplishments of the past year, we appreciate, once again, how much has been made possible by the enduring generosity of our donors. Your contributions underwrite what we consider to be our most important work: to attract, engage, and wholly educate a student body of dynamic and diverse young women. The year's successes have strengthened our determination to continue to offer an education that intentionally takes into account that women's lives and learning styles are different from those of men.

The students entering in 1999, like each successive incoming class, were increasingly enthusiastic about taking an active role in their own education. Our student population—nearly 700 bright, ambitious, adventurous women—excelled at plunging wholeheartedly into remarkable educational experiences. Sweet Briar women collaborated with faculty mentors on research, landed competitive internships, and traveled to distant corners of the world to experience other cultures firsthand. The Sweet Briar faculty continued to collect prestigious research grants and earn national recognition for accessibility to students.

A campus designed to inspire frequent student-faculty interaction is an important reason Sweet Briar continued to attract media attention as a model for the liberal arts college of the 21st century. In the past year alone, most historic buildings on the main campus were restored in some way. Renovations to the dairy barn made space for the Studio Art program, conversion of the caboose and train station near Guion provided laboratory and office space for Environmental Sciences, and construction of the Florence Elston Inn and Conference Center began. Sweet Briar's master plan, which emphasizes updating facilities while maintaining historical integrity, will proceed over the next quarter century.

As the academic year concluded, 116 graduating seniors joined the ranks of Sweet Briar's alumnae. As we welcome the Class of 2000 to our alumnae family, we look forward to the college's second century with renewed confidence that our graduates and friends will continue to collaborate with us in this exciting enterprise.

Thank you for your abiding involvement, interest, and support.

Elisabeth Muhlenfeld  
President

# vice-president's message

Dear Friends,

Last year you delivered another record year of financial support for your College. We are deeply grateful for all that your generosity has meant for our students and faculty, and for the new standard it set for ensuring that Sweet Briar remains viable, vibrant and visionary in the new century. You have set in motion the possibility for greatness outlined in the College's long-range plan. In the ensuing months and years, President Muhlenfeld and I plan to meet with you in groups and individually to acquaint you with this blueprint and the crucial role your support will play in making it a reality. I look forward to working with you.

Thank you most profoundly for your loyalty and love for Sweet Briar.

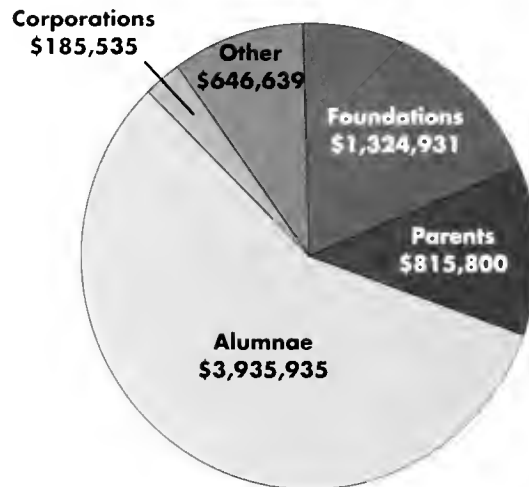

Yours,

Ivana Pelnar-Zaiko

Vice President for Development and College Relations

## The 1999-2000 Total Giving \$6,906,840

*The 1999-2000 Honor Roll of Donors reflects the College's abiding gratitude for gifts sent by members of the Sweet Briar family between July 1, 1999 and June 30, 2000. Warmest thanks to each donor from all of us at the College.*

*This report has been prepared by the Division of Development and Public Relations. We have taken great care to ensure that complete and accurate listings appear. However, due to the large number of donors, to whom we are most grateful, a mistake may have gone unnoticed. The College has also recently upgraded to a new administrative software system that includes information on names and addresses. As with any such venture, mistakes may occur. Should you find an error or omission, please bring it to our attention. Contact the Office of Development, Box G, Sweet Briar, VA 24595 or call (804)381-6161. Please note that an individual's name may appear on several lists, and also that some donors have requested that their gifts be anonymous.*

### 1999-2000 Alumnae Fund

Through the enthusiastic leadership of Norma Patteson Mills '60, Alumnae Fund Chair, and the Alumnae Fund Committee, Sweet Briar achieved a significant increase in the 1999-2000 Alumnae Fund.

With the efforts and support of 200+ dedicated alumnae leaders and more than 4,000 loyal alumnae donors, we:

1. Set a new record in the Annual Fund with a total of \$1,911,166 which is 3% (\$52,308) more than last year;
2. Increased our number of \$1,000+ donors (Boxwood Circle, President's Circle, and Sweet Briar Circle) by 14% over last year, bringing this year's total to 718 members;
3. Concluded another successful Reunion campaign, raising \$617,142 (counting unrestricted gifts only);
4. Our overall percentage of alumnae participation was 41%.

Warmest thanks to every volunteer leader and to all of the generous donors who helped make this year's fund-raising effort such a success!

### Reunion Giving 1999-2000

Led by National Reunion Giving Chair Dorothy "Dotsie" Woods McLeod '58, the 1999-2000 Reunion classes raised \$617,142. The Class of 1950 Raised \$101,130 winning the Nancy Dowd Burton Award for the largest gift in a Reunion year. The Class of 1950, with 72% won the Participation Award for classes celebrating the 25th-50th Reunion. The Class of 1980, with 45% won the Participation Award for classes celebrating the 5th-20th Reunion.

The purpose of the Reunion Giving program is to increase unrestricted gifts to the Annual Fund; however, we recognize and thank all classes for their total gifts to all funds.

\*Reported dollar totals are year-end and may differ from those announced at Reunion.

*Participation rates are as of Reunion Weekend 2000.*

## 2000

Sweet Briar Seniors pledged more than \$20,000 to the College.

The Class of 2000 raised a Class Gift of \$20,070 for the Annual Fund. Presented with several challenges by members of the Board of Directors, the Class achieved 81% participation and increased its total Class Gift to \$43,070.

The Senior Class Campaign was enthusiastically led by Co-Chairs Lucy Brooks and Ginny Gilbert who chose "Making Our Mark" as the theme for the gift effort. The Class of 2000's impressive results left its mark on Sweet Briar.

Here's to 2000!

# williams associates

## THE INDIANA FLETCHER WILLIAMS ASSOCIATES

The Indiana Fletcher Williams Associates are those individuals who, like Indiana Fletcher Williams, have made provisions for Sweet Briar in their estate plans. It is through such planning that the future financial stability of Sweet Briar is secured. The College is most grateful to the 313 Williams Associates.

# report of the vice president for finance & administration

by Mary Lou Merkt

Sweet Briar College moves into the new century with tremendous advantages. We benefit from a unique heritage, progressive academic programs, superior technological capabilities, an unparalleled physical location, exceptional faculty, staff, and students, a healthy endowment, and a visionary president. Our challenge for the future will be to continue in our role as good stewards of these extraordinary assets and remain competitive in an ever-changing world.

As is the case with several of Sweet Briar's peer institutions, the College does not depend heavily on tuition and fees to support its operating budget. In fact, only 14.9% of its annual budget is financed through tuition and fees. As depicted in Graph A, alumnae and friends, through generous gifts, contribute significantly to the operating budget and allow present day students to enjoy the benefits of a Sweet Briar education at an affordable cost. Table B illustrates recent increases in tuition, which have been consistently below the national average.

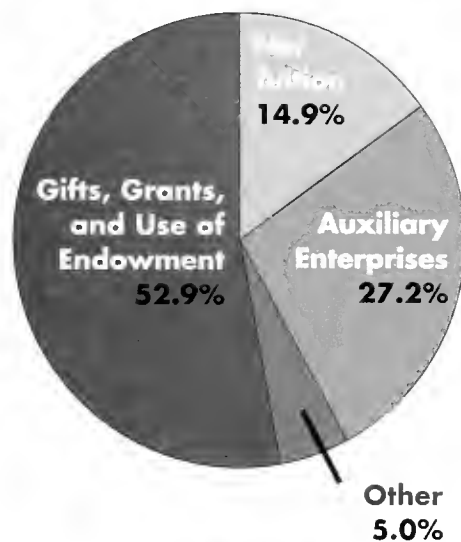

For the year ended June 30, 2000, contributions to the endowment totaled \$2,634,650 and \$2,025,175 was given to support the operating budget. The College's endowment stood at \$120,834,558 as of June 30, 2000. It remains one of the highest per student college endowments in the country. As shown in Table C, the endowment showed a slight decline from its June 30, 1999 value, highlighting its vulnerability to stock market changes.

The College's campus is a true gem. The beautiful, historic buildings set in the breathtaking, rural location we are blessed with, are an integral part of our heritage and a strong recruiting tool. Many improvements are nearing completion on campus, including the Florence Elston Inn and Conference Center, restoration of the exteriors of the buildings listed on the historic register, new signage, renovation of one of the dairy barns into an art studio and conversion of the train station into an environmental science laboratory. Planned improvements include a new Student Commons Building (scheduled for completion 2002), which will modernize our dining areas, provide for student meeting and social space, and afford one-stop shopping for students, including access to the Bookshop, Post Office, Cashier's window, and other important venues students must frequently visit. The Student Commons will be a strong tool for recruitment and retention, and is being financed, again, through the generosity of forward-thinking donors.

As we move ahead, we must ensure that the College's dreams continue to be realized. The administration, faculty, and staff are committed to efficiency in offering a superior education, while alumnae and friends are heeding the call to provide the needed support. Given this strong partnership, Sweet Briar will move into the twenty-first century in a place of distinction.

# charitable estate planning

Estate planning is a complex process and almost always requires the services of an estate planning professional. But your most important concern in planning your estate is to decide how you want others to benefit from the assets you will transfer at your death.

First, think of all the people to whom you are close, as well as the charitable organizations you would like to support, and determine what you would like to provide to each person and charitable organization. Then, when you do visit a professional estate planner, he or she will help you accomplish your goals by employing the best techniques to comply with the laws and to reduce taxes.

Unfortunately, attorneys often fail to mention ways an individual can help charitable organizations; if you are inclined to make a gift to a charitable organization, be advised to bring the matter up with him or her yourself.

Following are a few ideas that might be employed when looking at your estate plans.

## THE WILL AND THE BYPASS TRUST

A will is a legal document that tells your executor how you want your estate to be divided at your death. A common mistake married people make when they want to leave everything to their spouse is not employing a basic estate tax-saving technique: the bypass trust.

Leaving your spouse everything outright is not always a good idea, especially for those whose estates are large enough to be taxable. Because everyone—both spouses—enjoys an amount that is exempted from federal taxation, a person should establish a trust at death to protect that amount. In 1997, Congress decided to gradually raise this exempt amount from \$600,000 until it reaches \$1,000,000 by the year 2006, to keep up with inflation.

Example: A parent with a \$5 million estate can leave her husband everything without incurring a federal estate tax at her death. By doing so, however, her husband will have (assuming no increase

in value) a taxable estate of \$5 million upon his death. The federal tax on that amount, using current tax tables and after taking into account her estate exclusion, is around \$2 million. This leaves the children about \$3 million. If she instead establishes a bypass trust of up to \$1 million, the total tax will decrease by at least \$200,000, so the children receive more.

Using the bypass trust, the mother effectively divides her estate into two parts: one consists of the assets in trust; the other consists of the remaining assets. Her husband will have access to the remaining assets and will also receive income from the trust. (He also will have access to the trust principal if he desires.) In this way, the husband's estate includes only the remaining assets, because the assets in trust bypass his estate entirely, without estate tax.

A proper estate plan must take into account the possibility that the younger or healthier spouse may die first.

The benefits in the example above are realized only if the wife predeceases her husband. If the husband dies first, the woman will still have all the assets in her estate, and will be without the benefit of protecting one of their two exemption amounts from taxes.

To ensure that taxes are not unnecessarily incurred, one spouse should have at least some assets in his or her own name. A spouse can give as much as he or she wishes to the other without incurring a gift tax because the tax laws allow unlimited gifts between spouses. Ideally, each spouse should own up to half the estate, and each person's will should include a bypass trust for the other's benefit.

## BEQUESTS

The easiest form of charitable estate planning is naming a charitable organization in your will—a bequest provision. Specify an asset, an amount of money, a percentage of your estate or variety of other designations. The main benefit of a bequest—your decision can be changed at any time. In the U.S., about 90% of estate transfers to charitable organizations are made as a result of bequest provisions.

## EXAMINE YOUR OPTIONS

There are a variety of ways to plan an estate and include charitable contributions. Much of the value given to a charity is derived from reduced federal estate taxes, leaving other heirs substantially the same inheritance they would have received without the charitable gift.
